

Clip Clop! A Sibling Workshop!

A Collaboration Between Cadence Therapy & Special Needs Texas

We never forget the first time we rode a horse.

Horses have a special strength and power like few other animals. Clip clop: A Sibling Workshop! is a special group program for girls & boys ages 8-13 years old who have a sibling with a developmental or physical disability or mental health diagnosis. Each session blends bonding activities from the nationally-recognized Sibshops curriculum for a therapeutic and empowering experience. Sessions are led by licensed therapeutic professionals.

Clip clop participants engage in horsemanship as well as on-the-ground therapeutic activities.

June 13—Aug. 22nd

6 sessions held every other Saturday from 10-11:30 am

Cost: \$450

Full & partial scholarships are available as well as payment plans.
