

# Austin Area Autism Resource Guide

Sixth Edition  
July 2015

This Resource Guide began as a joint project between the Autism Society of Greater Austin (now the Autism Society of Central Texas) and the Austin Area Task Force of the Texas Council on Autism and Pervasive Developmental Disorders (PDD). The charge of the Task Force is to regularly provide feedback to the Texas Council regarding needs of individuals with autism and PDD in the Austin area and recommendations for their state plan. After the two groups compiled the first edition of the guide in 2008, the Autism Society took over the maintenance and distribution of the document.

The Autism Society of Central Texas is an affiliate of the Autism Society of America. The Autism Society has straightforward mission: to improve the lives of all affected by autism. In Central Texas, the Autism Society strives to do this by advocating for the education and training of parents and professionals involved in educating and caring for persons with autism; helping develop a better understanding of the challenges of persons with autism and their families by serving as a clearinghouse for information about autism; and, most importantly, providing parents with pertinent and current information so they may be better advocates for their sons and daughters with autism.

Please note that reference in this manual to any treatment or therapy option or to any program, service or treatment provider is not an endorsement of those treatments, therapy options, programs, services or providers by the Autism Society or the Task Force. In addition, such references to treatment or therapy options, programs, services or providers are not intended to be comprehensive statements of all those that are available. We recommend that readers investigate other resources to obtain additional information for individual applications. The Autism Society and the Task Force assume no responsibility for the use made of any information published in this manual.

The volunteers who have compiled this resource guide have made every effort to ensure that this list is accurate, but we recognize that some of this information may change. Please help us by e-mailing any additions, changes, corrections, or suggestions to [info@austinautismsociety.org](mailto:info@austinautismsociety.org).

Thank you in advance for helping future users of this list.
